IoT Week Korea 2016

www.iotkorea.or.kr

IoT Korea Exhibition 2016

Oct. 12(Wed)~14(Fri), 2016 / COEX, Seoul, Korea

Early Bird
Save 10%
Register by
Mar. 31(Thu)

Key Exhibits

IoT Application Services

Home appliances | Smart home service, intelligent housing management service, door/lighting/boiler control service
Manufacturing | Smart manufacturing platform solution, manufacturing process automation system, industrial safety solution
Car/traffic | vehicle safety/diagnosing system, emergency/road information system, car sharing system, intelligent traffic management system, vehicle control system
City/safety | Smart city/building, building/bridge remote management system, facility safety management service
Health/medical care | Smart health care, smart wellness, smart after-care service, personalized health management service
Energy | Building energy management system, smart thermostatic control system, smart grid, high voltage remote reading service
Agricultural/livestock/fishery | Smart farm, intelligent sowing service, livestock management service, aquafarm environment monitoring system
Environment | Water pollution/reservoir management system, meteorological observation system

IoT Convergence Products

Smart home/appliances | Smart TV, refrigerator, robotic vacuum cleaner, thermostat, smart boiler, smart electrical outlets
Health/medical care | Smart band, smart glasses, smart clothing, smart scale, smart thermostat, smart sports goods
Security | Smart door lock, gas lock, smart gas detector, home surveillance camera
Energy | Smart meter, smart lighting, electric controller
Private life | Smart watch, smart cup, smart wallet, smart ring, connected bicycle

IoT Security

Device security (light weight/low power password module, counterfeit detection device), communication/network security (remote security management/control technology, trespassing detection/counterpart technology), platform/service security (privacy protection, security solution)

Wired/wireless Communication and Network

Close range wireless communication (beacon, NFC), mobile communication, wire communication (Bluetooth, Zigbee, WiFi)

IoT Platform

Open HW platform, device platform, things connected platform, things data platform

IoT Devices

Sensor (movement recognition, location, environment)
RFID tag, reader, module, antenna, printer, sensor node, battery

Application Deadline : ~ August 26(Fri), 2016 (Early-bird Discount 10% Register by March 31(Thu))

How to Apply

Send the application form by fax(+82-2-556-9474) or E-mail(iot@kiot.or.kr)
Form download : www.iotkorea.or.kr

Rates

(VAT별도)

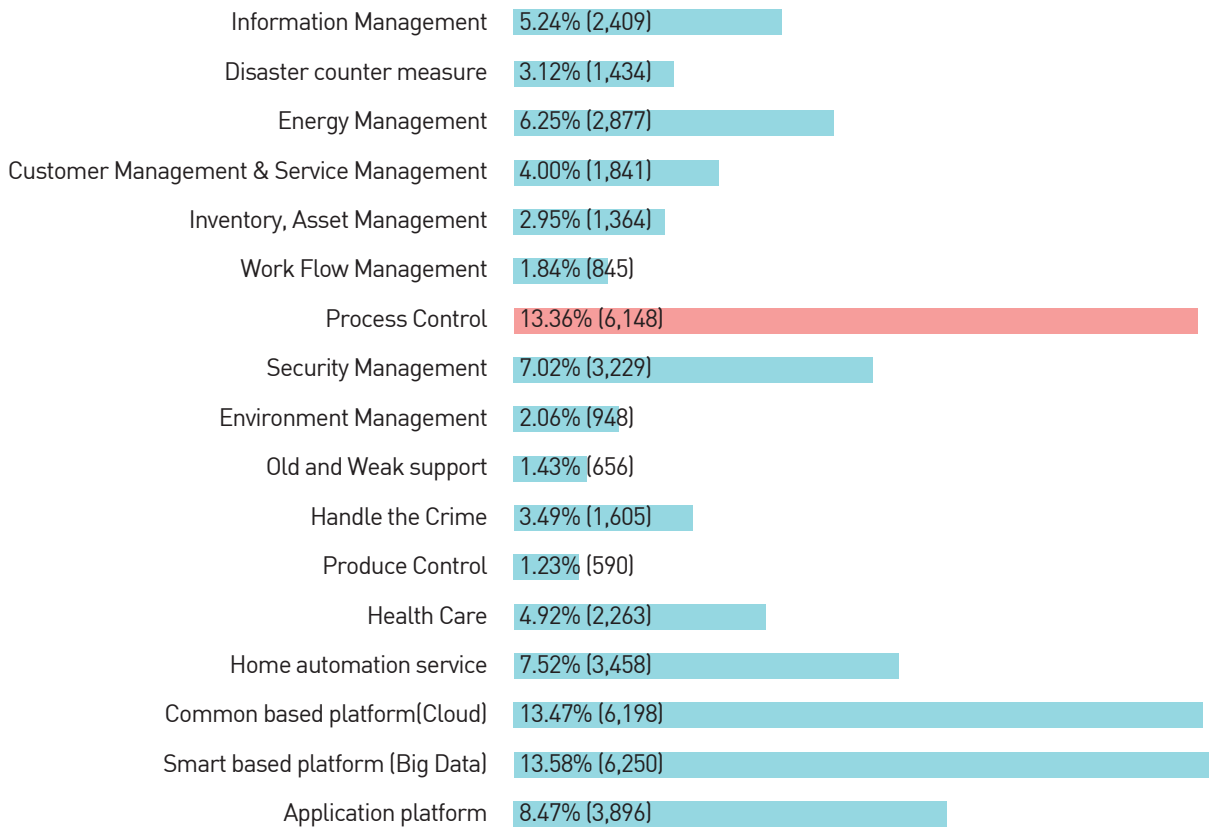
Booth Type	Regular Rate	Description
Space Only (Minimum 2booths)	USD 2,500 / Booth (3m x 3m)	- Space, Conference Ticket
Shell Scheme Package (Minimum 1booth)	USD 3,000 / Booth (3m x 3m)	- Walls, 1(one) information desk + 1(one) chair - Fascia Board with 1(one) Fluorescent Lamp - Carpet, 3(Three) Spot Lights(100W) - 1(one)Wastebasket, Conference Ticket

※ Early-bird Rate : For participants who register before March 31, 2016 can have 10% reduction of total payment

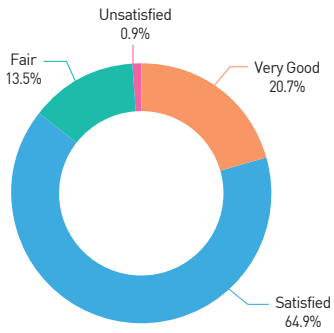
Results of 2015

- **Number of Exhibitors :** 366 Booths 156 Companies
- **Number of Visitors :** 21,683 from 45 Countries

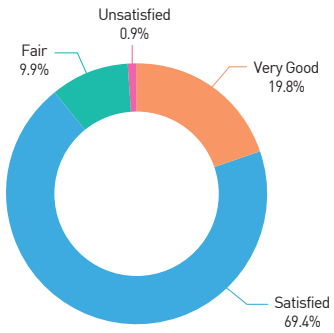
Their Interests in IoT



Satisfaction of Exhibitors



[Achievement of participating in the Show]



[Satisfaction of Buyers' Visit]
